Management's Responsibility for Financial Reporting

March 31, 2021

The accompanying consolidated financial statements of Beaver Lake Cree Nation are the responsibility of management and have been approved by Council.

The consolidated financial statements have been prepared by management in accordance with Canadian public sector accounting standards prescribed for governments as recommended by the Public Sector Accounting Board of the Chartered Professional Accountants of Canada and as such include amounts that are the best estimates and judgments of management.

Management is responsible for the integrity and objectivity of these statements and for implementing and maintaining a system of internal controls to provide reasonable assurance that reliable financial information is produced.

Council is responsible for ensuring that management fulfills its responsibilities for financial reporting and internal control and is ultimately responsible for reviewing and approving the consolidated financial statements.

Council meets periodically with management, as well as the external auditors, to discuss internal controls over the financial reporting process, auditing matters and financial reporting issues, to satisfy themselves that each party is properly discharging their responsibilities, and to review the consolidated financial statements and the external auditor's report.

The external auditors, Crowe MacKay LLP, conduct an independent examination, in accordance with Canadian auditing standards, and express their opinion on the consolidated financial statements. The external auditors have full and free access to financial management of Beaver Lake Cree Nation and meet when required.

On behalf of Beaver Lake Cree Nation:

Independent Auditors' Report

To the Members of Beaver Lake Cree Nation

Opinion

We have audited the consolidated financial statements of Beaver Lake Cree Nation ("the First Nation"), which comprise the consolidated statement of financial position as at March 31, 2021, and the consolidated statements of operations and accumulated surplus, change in net financial assets and cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the First Nation as at March 31, 2021, and the results of its consolidated operations, its changes in its consolidated net financial assets, and its consolidated cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the First Nation in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the First Nation's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the First Nation or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the First Nation's financial reporting process.

Independent Auditors' Report (continued)

Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements. As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that
 are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
 effectiveness of the First Nation's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the First Nation's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the First Nation to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business
 activities within the Group to express an opinion on the consolidated financial statements. We are
 responsible for the direction, supervision and performance of the group audit. We remain solely
 responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Notes to Consolidated Financial Statements

March 31, 2021

1. Basis of Presentation and Significant Accounting Policies

These financial statements are prepared in accordance with Canadian public sector accounting standards for governments as recommended by the Public Sector Accounting Board of the Chartered Professional Accountants of Canada.

(a) Reporting entity principles of financial reporting

The Beaver Lake Cree Nation reporting entity includes the Beaver Lake Cree Nation government and all related entities which are accountable to the First Nation and are either owned or controlled by the Beaver Lake Cree Nation.

The consolidated financial statements include the following entities:

Beaver Lake Cree Nation

Beaver Lake Education Authority - Amisk Community School

Beaver Lake Wah - Pow Treatment Centre

Beaver Lake Health Services

Beaver Lake Government and Industry Relations (Formerly Beaver Lake Intergovernmental Affairs and Industrial Relations)

Inter-entity balances have been eliminated on consolidation.

(b) Revenue recognition

Revenues are recognized in the period in which the transactions or events occurred that gave rise to the revenues. All revenues are recorded on an accrual basis, except when the accruals cannot be determined with a reasonable degree of certainty or when their estimation is impracticable.

Government transfers are recognized as revenues when the transfer is authorized and any eligibility criteria are met, except to the extent that transfer stipulations give rise to an obligation that meets the definition of a liability. Transfers are recognized as deferred revenue when transfer stipulations give rise to a liability. Transfer revenue is recognized in the statement of operations as the stipulation liabilities are settled.

Contributions from other sources are deferred when restrictions are placed on their use by the contributor, and are recognized as revenue when used for the specific purpose.

Revenue related to fees or services received in advance of the fee being earned or the service is performed is deferred and recognized when the fee is earned or service performed.

Income from investments is recorded on the accrual basis.

(c) Cash

Cash and cash equivalents include cash on hand and balances in bank accounts, net of bank overdrafts.

(d) Investments

Investments are recorded using the modified equity method where statements are provided and recorded at cost when no statements are available. Investments are written down where there has been a loss in value that is other than a temporary decline.

Notes to Consolidated Financial Statements

March 31, 2021

1. Basis of Presentation and Significant Accounting Policies (continued)

(e) Tangible capital assets

Tangible capital assets are recorded at cost, which includes amounts that are directly related to the acquisition, design, construction, development, improvement or betterment of the assets. Cost includes overhead directly attributable to construction and development, as well as interest costs that are directly attributable to the acquisition or construction of the asset.

Leases that transfer substantially all the benefits and risks of ownership to the lessee are recorded as capital leases. Accordingly, at the inception of the leases, the tangible capital asset and related lease obligations are recorded at an amount equal to the present value of future lease payments discounted at the lower of the interest rate inherent in the lease contracts and Beaver Lake Cree Nation's incremental cost of borrowing.

Amortization is provided for on a straight-line basis over their estimated useful lives as follows:

Buildings20 years Straight-lineAutomotive equipment4 years Straight-lineComputer equipment4 years Straight-lineEquipment10 years Straight-lineLeasehold improvements5 years Straight lineInfrastructure10 years Straight-line

Tangible capital assets are written down when conditions indicate that they no longer contribute to Beaver Lake Cree Nation's ability to provide goods and services, or when the value of future economic benefits associated with the tangible capital assets are less than their net book value. The net write-downs are accounted for as expenses in the consolidated statement of operations.

Contributed capital assets are recorded into revenues at their fair value on the date of donation, except in circumstances where fair value cannot be reasonably determined, in which case they are recognized at nominal value. Transfers of capital assets from related parties are recorded at carrying value.

Certain assets, including recognized interest in reserve lands and natural resources, as well as assets which have historical or cultural value, including works of art, historical documents and historical and cultural artifacts, are not recognized as tangible capital assets. Assets under construction are not amortized until the asset is available to be put into service.

(f) Financial instruments

All significant financial assets, financial liabilities and equity instruments of the First Nation are either recognized or disclosed in the financial statements together with other information relevant for making a reasonable assessment of future cash flows, interest rate risk and credit risk.

Notes to Consolidated Financial Statements

March 31, 2021

1. Basis of Presentation and Significant Accounting Policies (continued)

(g) Use of estimates and COVID-19 measurement uncertainty

In preparing these financial statements, management made estimates and judgments including consideration for the uncertainties and economic implications of the COVID-19 pandemic on the First Nation's operations, financial performance and financial position for the year ended March 31, 2021. The uncertainty surrounding the COVID-19 pandemic could generate, in future reporting periods, a significant risk of material adjustment to the carrying amounts in the financial statements. Estimates not associated with the COVID-19 pandemic are reviewed periodically, and as adjustments become necessary, they are reported in earnings in the period in which they become known.

At the date of publication of these financial statements, it is not possible to reliably estimate the length and severity of the COVID-19 pandemic developments and its potential impact on the First Nation's financial results, conditions and cash flows.

Oil and gas royalties and surface rights payments related to oil and gas exploration and development activities are administered directly by the Government of Canada ("Canada") under the provisions of the Indian Oil and Gas Act. The First Nation records receipts based on currently available information supplied by Canada. Royalty payments from oil and gas producers are subject to periodic revision. Adjustments are recorded by the First Nation in the period that the information becomes available.

2. COVID-19 Pandemic

The COVID-19 pandemic has resulted in the Canadian and Provincial governments enacting emergency measures to combat the spread of the virus. These measures, which include the implementation of travel bans, social distancing, restrictions on business operations and isolation/quarantine periods have caused material disruptions to communities and businesses, resulting in an economic slowdown.

In response, the First Nation received from Indigenous Services Canada \$2,654,769 in additional funding to assist with implementation of public health measures, income assistance initiatives, costs related to reopening as well as flexible funding through the Indigenous Community Support Fund.

The First Nation has closed certain facilities to customers since April 2020 and they remained closed subsequent to year end. The First Nation has temporarily terminated employees and implemented stringent health and safety procedures and other precautionary measures, guided by public health authorities, to limit the spread of COVID-19 and the impact of the pandemic on the First Nation's operations and programs.

Effective July 1, 2021, the province of Alberta entered into stage 3 of the Alberta's Open for Summer Plan whereby all public health measures have now been lifted except for isolation/quarantine requirements and masking requirements in health care settings and public transit.

While recovery is underway, the efficacy of COVID-19 vaccines and longevity of the COVID-19 pandemic remains uncertain and as such it is not possible to estimate the length and severity of the pandemic and the impact on the financial results and condition on the First Nation and its operations in future periods..

Notes to Consolidated Financial Statements

Unrestricted			
General accounts	1	4,894,210	8,856,591
	\$ 1	5,246,482	\$ 9,439,764

Under the terms of agreements with Canada Mortgage and Housing Corporation, the First Nation must set aside funds annually for the repair, maintenance and replacement of worn out assets. These funds are held in a separate bank account and invested only in accounts or instruments insured by the Canada Deposit Insurance Corporation or as otherwise approved by the Canada Mortgage and Housing Corporation with any interest earned to be credited as revenue to the Replacement Fund. As at March 31, 2021 the amount in the replacement Reserve account was underfunded by \$210,695 (2020 underfunded by \$178,826).

Funds received under the First Nation Development Fund program administered by the Province of Alberta are restricted to eligible uses outlined in the Host First Nation Charitable Casino Policies Handbook and administered by Alberta Gaming, Liquor and Cannabis. These funds are held in a separate bank account.

The Beaver Lake Cree Nation entities have overdraft facilities totaling \$275,000 bearing interest at prime rate + 3% (5.95%). The facilities are secured by a redirection of funds, as authorized by First Nation Council Resolutions acknowledged by the Department of Indigenous Services Canada. At March 31, 2021, the accounts were overdrawn by \$Nil (2020 - \$Nil).

	\$ 989,507	\$ 37,784	\$ 1,027,291

The trust funds accounts held in Ottawa arise from monies derived from capital and revenue sources which the Crown considers are described in Section 62 of the Indian Act. These funds are held in trust by the Government of Canada and the Crown treats these funds as primarily governed by sections 64 and 69 of the Indian Act.

These funds are treated by Canada as held in trust in the Consolidated Revenue fund of the Government of Canada. The funds attract interest pursuant to Section 61(2) of the Indian Act.

7. Other trust funds

Funds held by the corporate trustee are invested in Canada bonds and equities. The allocation of investments at March 31 was as follows:

	2021 Cost	2021 Market	2020 Cost	2020 Market

Investment fund	5,334,311	4,753,487
	\$ 30,355,722	\$ 23,284,027

13. Contingent liabilities

Government contributions related to programs of the First Nation are subject to conditions regarding the expenditure of funds. The First Nation's accounting records are subject to audit by the funding agencies. Should any instances be identified in which the amounts charged to the projects are not in accordance with the agreed terms and conditions, amounts would be refundable to the respective funding agencies. Adjustments to the financial statements as a result of these ministerial audits will be recorded in the period in which they become known.

15. Segmented information

The First Nation provides a range of services to its members. For management reporting purposes, operations and activities are organized and reported by function. The segment revenues and expenses represent both amounts that are directly attributable to the segment and amounts that are allocated on a reasonable basis. The presentation by segment is based on the same accounting policies as described in the summary of Significant Accounts Policies as described in Note 1. The segment results for the period are as follows:

Notes to Consolidated Financial Statements

March 31, 2021

16. Employment retirement plan

The First Nation has a defined contribution plan for its employees. Participation in the pension plan is available to substantially all employees. Employees may contribute between 3.5% and 7.5% of their gross pay with the First Nation making a matching contribution to the plan. Any voluntary amounts paid by the employee are not matched. Total employer contributions for 2021 were \$99,186 (2020 - \$92,227).

17. Budget information

The unaudited budget data presented in these consolidated financial statements is based upon information provided by management.

Amortization was not contemplated on development of the budget and has been recognized at the amount expensed in the current year.

18. Comparative amounts

Certain of the comparative amounts have been reclassified to conform with the presentation adopted in the current year.

19. Economic dependence

Beaver Lake Cree Nation receives a significant portion of its revenue pursuant to funding agreements with Indigenous Services Canada.

20. Financial instruments

The First Nation's financial instruments consist of cash, accounts receivable, long-term investments, trust funds, accounts payable and accrued liabilities, and long-term debt. Unless otherwise noted, the carrying value of its financial instruments approximates fair value.

It is management's opinion that the First Nation is not exposed to significant currency risk from its financial instruments. The First Nation is subject to credit risk with respect to accounts receivable. Credit risk arises from the possibility that the entities may experience financial difficulty and be unable to fulfil their obligations. The large amount of annual funding received from the Government of Canada minimizes credit risk. The First Nation also has liquidity risk in respect of its accounts payable and current portions of long-term debt. The First Nation minimizes this risk by monitoring cash flows and the terms and conditions negotiated with trade creditors and lenders. The First Nation is subject to interest rate risk arising primarily from fluctuations in rates on bank overdraft facilities and long-term debt.

COVID-19 (see note 2) has resulted in an increase in risk of these financial instruments. The First Nation cannot predict changes in these risks or the impact on operating results. Such changes related to the COVID-19 pandemic, could have a material effect in the First Nation's operations and financial condition.
